Career Objective:

I am a motivated engineering graduate seeking a Software Developer role where I can apply my front-end development skills in HTML, CSS, JavaScript, and React.js. I am eager to contribute to innovative and dynamic projects while continuously expanding my knowledge and technical abilities. With a passion for creating responsive and user-friendly web applications, I aim to be a valuable team member and grow alongside a forward-thinking organization.

Profile Summary:

- Experienced in developing and maintaining web applications using **React.js** and modern JavaScript frameworks.
- Proficient in **front-end technologies** such as HTML, CSS, Bootstrap, JavaScript, jQuery, JSX, and React Hooks.
- Strong **problem-solving and debugging skills** with a keen eye for writing clean and maintainable code.
- Effective **team collaborator** with experience in delivering responsive web applications in agile environments.
- Familiar with **version control systems** like Git and hands-on experience in integrating **RESTful APIs**.
- Demonstrated ability to manage and contribute to projects from **conception to deployment**, ensuring responsive UI and smooth user experience.

Professional Experience:

Software Developer

Nov 2024 – Apr 2025 ATEAM Soft Solutions Pvt Ltd

Key Contributions:

- Collaborated with a team to build responsive web applications using React.js.
- Developed user interfaces following modern UI/UX principles.
- Completed assigned development tasks within timelines using efficient coding practices.
- Handled debugging and problem-solving to ensure high-performance application delivery.

Projects:

❖ Projects E-Kart Webpage

- ➢ Developed a responsive E-Kart Webpage using React and Redux, enabling smooth product browsing and cart functionality
- ➢ **Features**: Product search and filter, order tracking, user profile management, ratings and reviews system, and email notifications for order updates.
- ➢ **Version Control**: Used Git for version control and collaborative development.

❖ Hospital Management System

- ➢ Designed a responsive and visually appealing interface using React.js.
- ➢ **Features:** The hospital management system enables admins to manage patients, doctors, appointments, and medical records, while doctors can access patient histories, update reports, and communicate with staff. Patients can book appointments, view prescriptions, and receive real-time notifications, ensuring smooth operations and effective collaboration.
- ➢ **Version Control:** Used Git for version control and collaborative development.

❖ Weather-App:

- ➢ Designed a responsive and visually appealing interface using React.js.
- ➢ **Features**: The weather app allows users to search for any city and view real-time weather data including temperature, humidity, wind speed, and weather conditions using external APIs. It offers a clean UI with dynamic weather icons and background updates based on weather status..
- ➢ **Version Control**: Used Git for version control and collaborative development.

Technical Skills:

- ➢ HTML, CSS, Bootstrap
- ➢ JavaScript, jQuery
- ➢ Ajax ,Axios, MUI
- ➢ React JS, Redux
- ➢ GitHub, GitLab

Academic Details:

Year	Degree / Exam	Institute	CGPA/ Marks (%)
2015-2019	BE Electrical and Electronics Engineering	Arunachala College of Engineering, Vellimalai	7.7
2015	HSC	Govt.Hr.Sec.School Arumanai	72
2013	SSLC	Govt.Hr.Sec.School Arumanai	90

Personal Details:

- **Name:** Gopika DR
- **Date of Birth:** 13/01/1998
- **Gender:** Female
- **Nationality:** Indian
- **Marital Status:** Married
- **Languages Known:** English, Tamil. Malayalam
